

2018 CRITICAL CARE SOCIETY OF SOUTHERN AFRICA CONGRESS

On behalf of the South African Society for Parenteral and Enteral Nutrition (SASPEN), we are pleased to invite you to Durban from 23 - 26 August 2018, as we once again join the Critical Care Society of Southern Africa (CCSSA) at their annual congress. This joint venture will once again offer members of the multiprofessional and multidisciplinary ICU team the opportunity to discuss and learn about the most recent research and developments in the field of critical care medicine and nutrition, as well as to meet up with old colleagues, and to make new friends. Built on last year's success, SASPEN will also offer delegates the opportunity to improve their nutrition knowledge by attending the European Society for Nutrition and Metabolism (ESPEN)'s Life Long Learning (LLL) Nutrition Courses in the form a pre-congress workshop. Furthermore, with interdisciplinarity under the spotlight, members of the multidisciplinary team will find a broad range of interdisciplinary sessions in the main scientific programme where the different disciplines can join to explore topics of interest to all.

So come join us in Durban for the CCSSA/SASPEN 2018 Congress! We look forward to sharing this unique event and experiencing the beautiful surrounds of Durban with you!

Yours sincerely,
Lizl Veldsman
SASPEN President
